

Monitor Before Exposure

Are
STRAY
Magnetic Fields
From Your Rotary Motion Feedthroughs
Affecting
Your Process?

The Balanced Magnetic Circuit of Rigaku Rotary Motion Feedthroughs virtually eliminates feedthrough leakage magnetic fields that can affect your critical process!

Rigaku: No effect on monitor due to very low magnetic leakage!
The Rigaku advantage of a balanced magnetic circuit!

STRAY Magnetic Fields

From Your Rotary Motion Feedthroughs

Affecting Your Process?

The Balanced Magnetic Circuit of Rigaku Rotary Motion
Feedthroughs virtually eliminates feedthrough leakage
magnetic fields that can affect your critical process!

Monitor affected by magnetic leakage field
emanating from Competition's feedthrough shaft

STRAY Magnetic Fields

From Your Rotary Motion Feedthroughs
Affecting
Your Process?

Magnetic Circuit of Rigaku Rotary Motion
Feedthroughs virtually eliminates feedthrough leakage
magnetic fields that can affect your critical process!

MGC

Monitor ruined by exposure to high magnetic leakage field
from competition's feedthroughs

Are
**STRAY
Magnetic Fields**

From Your Rotary Motion Feedthroughs

**Affecting
Your Process?**

The Balanced Magnetic Circuit of Rigaku Rotary Motion
Feedthroughs virtually eliminates feedthrough leakage
magnetic fields that can affect your critical process!
